

A vibrant, stylized collage of icons representing various elements of supply chain management. The icons include a yellow warehouse building, a purple cargo ship, a green forklift, a blue and white globe, a pink smartphone, a green delivery truck, a white airplane, a yellow fish, a green person carrying a black bag, a large yellow gear, a red apple, a blue pill, a green recycling bin, a pink shipping box, and a blue building with a red roof. The icons are scattered across a white background, with some overlapping, and are surrounded by small grey gears, symbolizing the interconnectedness and complexity of the supply chain.

Slide 7

With password hidden

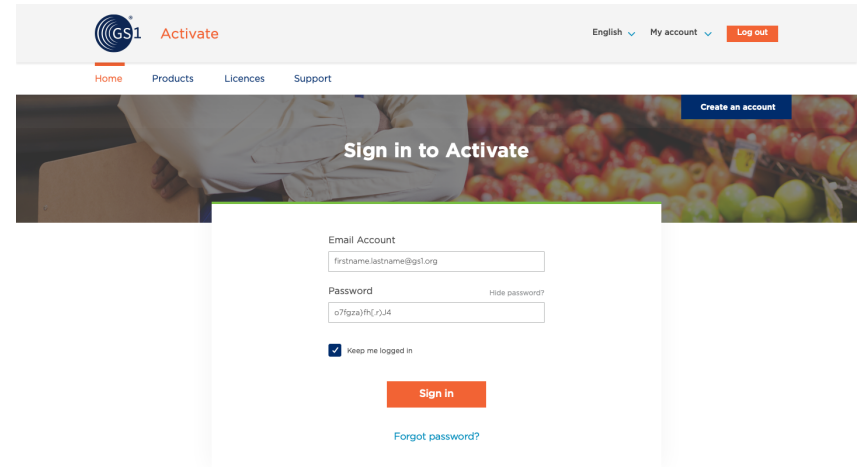

The screenshot shows the GS1 Activate sign-in interface. The header includes the GS1 logo, the word 'Activate', and links for 'English', 'My account', and 'Log out'. A navigation bar contains 'Home', 'Products', 'Licences', and 'Support'. The main banner features a background image of a person in a white lab coat and a basket of fruit, with the text 'Sign in to Activate' and a 'Create an account' button. The sign-in form is centered and contains the following elements:

- Email Account:** A text input field with the placeholder 'firstname.lastname@gs1.org'.
- Password:** A text input field with masked characters '*****'. A 'Show password?' link is located to the right of the field.
- Keep me logged in:** An unchecked checkbox.
- Sign in:** An orange button.
- Forgot password?:** A blue link below the sign-in button.

With password shown

This screenshot is identical to the one on the left, but the password field is visible. The masked characters '*****' have been replaced with the actual password 'o7fgza!fR(r)j4'.

- Email Account:** A text input field with the placeholder 'firstname.lastname@gs1.org'.
- Password:** A text input field showing the password 'o7fgza!fR(r)j4'. A 'Hide password?' link is located to the right of the field.
- Keep me logged in:** A checked checkbox.
- Sign in:** An orange button.
- Forgot password?:** A blue link below the sign-in button.

Slide 12

The screenshot shows the GS1 Activate web interface. The user is on the 'Products' page, specifically the 'Add a new product' form. The form has three steps: '1. Get started', '2. Describe your product' (current step), and '3. Get a GTIN'. A modal dialog box is open, asking the user to check the product information before finalizing. The information shown is '12 x Chateau de la Tour Red Wine 0.75l'. Below this, there are two radio buttons for selecting the GTIN type: 'Use GTIN-13 for this product' and 'Use GTIN-14 for this product'. The 'Use GTIN-14' option is selected. At the bottom of the dialog are 'Save as draft' and 'Finalise' buttons. The background form shows a 'Quantity' field with 'Ex: 12' and 'Previous'/'Next' navigation buttons.

Add “Not sure what to choose” icon

- Question/information mark icon
- Hover or click will activate a dialogue box

Slide 14

Capacity is exhausted

- Correct the type errors
- Make the text "create higher level units" to a link
- Restyled colourful banner
